ABOUT US:

Established on 13 February 1995, our company has built a strong reputation in the natural stone industry through quality craftsmanship, advanced manufacturing, and customer-focused service.

With a modern production facility spread across 2,745 SQM, we specialize in the processing and supply of premium granite slabs for residential, commercial, and architectural projects.

Combining decades of experience with state-of-the-art machinery, we ensure consistency, durability, and superior finish in every product we manufacture.

RAVI MARBLE PVT. LTD.

Associated with the marble and granite industry since 2013 and serving on the Board since November 2020.

RAVI MARBLE PVT. LTD.

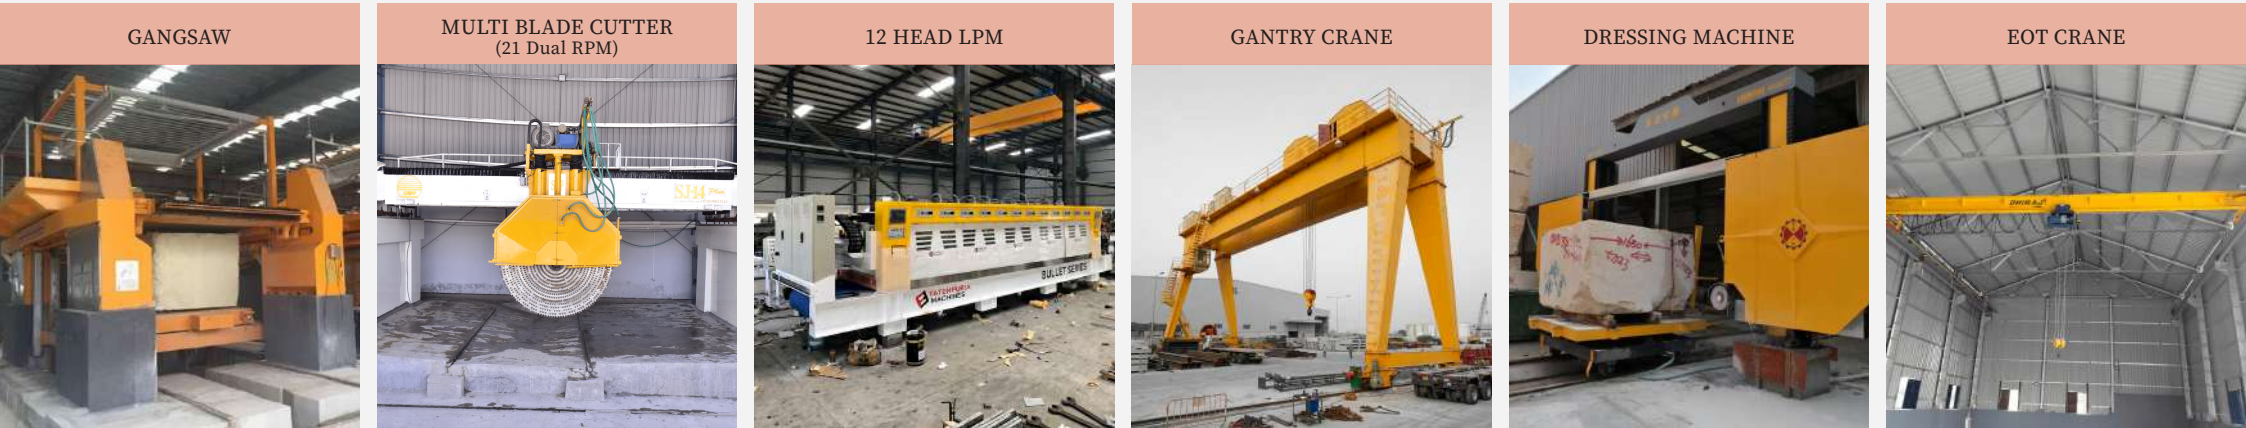

FACTORY OVERVIEW:

Established with a commitment to quality and precision, our manufacturing facility is equipped with advanced stone processing machinery and modern infrastructure to ensure superior production standards. Every slab undergoes stringent quality checks, delivering consistency, durability, and exceptional surface finish.

ANNUAL PRODUCTION CAPACITY:

MACHINE	ANNUAL CAPACITY
Marble Gangsaw Machine Production	1,07,000/- SQM
Multi Blade Cutter Machine (21 Dual RPM)	1,06,800/- SQM
12 Head LPM Machine	2,50,000/- SQM

MACHINERY & EQUIPMENT:

PLAIN POLISH

A mirror-like finish that enhances the natural depth and richness of black granite. Ideal for luxurious interiors, countertops, flooring, and wall cladding.

LEATHER FINISH

A textured matte finish that highlights the stone's natural character while offering a refined look and enhanced grip. Perfect for feature walls, staircases, and exterior applications.

LAPATRO FINISH

A semi-polished finish that blends subtle shine with natural texture, creating a sophisticated appearance. An excellent choice for luxury interiors, hospitality, and contemporary architectural spaces.
